

Multi user access is available for RT-3000

Set-up the tape cutting length & width with dial on the back tail, then, push the button in the middle of carousel, RT-3000 will cut the tape and put them for 2/3 round of carousel.

What you need to do is just take it off and use it!

When you need another tape, push the button in the middle, then, RT-3000 starts to work again to put the tape on the 2/3 round carousel newly.

Can adjust the tape length & width with dial knob on the back tail.

Can easily change the blade set without disassembling.

Small size, Excellent design, Friendly color to your work.

Better performance with RT-3700 from quick and precise tape cutting.

Free tape load. Cabinet type.

Very safe. No operation without safety cover.
